# How to support PReSTO?

1. Use PReSTO! Report issues and suggestions to SNIC support
2. Suggest software to be added into PReSTO - PyMOL plugins, CryoEM software
3. Perform software updates (require PReSTO admin rights)  
Free up time for PReSTO staff to deal with new installs and issues
4. Add new software to PReSTO (require PReSTO admin rights)
5. Community representatives to be teached to perform 3 and 4
